WHY SUPPORT LANDWATCH?

Between the pressures of increasing development and a changing climate in Central Oregon, how we respond to the change will define what it is like to experience this landscape for generations to come.

Since 1986, Central Oregon LandWatch has been working to create well-planned cities and protect wild, open spaces across the region. As an environmental watchdog and land use advocate, LandWatch defends what matters most to Central Oregonians.

Ruffwear is a proud supporter of Central Oregon LandWatch and the important role their talented team plays in our community. Our customers and employees find joy in sharing outdoor adventures with their canine companions, and these adventures depend on access to wild places where we can explore and play together. We count on LandWatch to keep us informed and to defend what matters most to Central Oregonians.
